## INFORMATION DISCLOSURE STATEMENT

Applicants request consideration of the reference listed on the attached PTO-1449 form.

**OFFICE OF PETITIONS** 

The reference was cited in a final office action dated February 14, 2006, in a related Japanese application. The final office action cites the following two references 1) JP10-112645 (previously submitted) and 2) JP64-44683, and asserts that changing a shift direction of a shift register (forward direction and backward direction) is conventional art (as set forth in Ref. 2), and that there is no particular difficulty in applying such conventional art to a shift register disclosed in Ref. 1 (Fig. 22).

This filing is being made with the filing of a Request for Continued Examination. No fee is required.

Respectfully submitted,
